Flo2Cash Mobile Payment App

For transactions on the go

Flo2Cash is proud to announce the release of the Flo2Cash Mobile Payment App – New Zealand's first local Smartphone Payment Application which allows Flo2Cash merchants to accept credit card payments from their Smartphone in real-time, and provides a cost effective alternative for merchants who require a mobile payment solution but found mobile eftpos terminal costs prohibitive.

Features:

- Accepts credit card payments in the field in real time
- One single application for Visa, MasterCard Merchant Facility, Payment Gateway and Direct Debit Facility
- Payment Gateway included – use your existing merchant account if you have one
- eCommerce Facility included, works with major eCommerce shopping carts
- Supports CVV2
- Supports automatic email receipts to your customers
- Tracking and display of the geo-locations of where your payments were taken
- All transactions processed securely via the Flo2Cash Secure Payment Gateway
- All transaction reports and history can be accessed online via your Flo2Cash Merchant Console 24/7
- Automatic daily fund settlement into your designated bank account
- Competitive rates
- Supports all banks in New Zealand

We're safe!

Accepting credit cards through your Smartphone is simple and secure with the Flo2Cash Mobile Payment App. The App supports hand entered card numbers and payment reference. Payments are subjected to 128 bit security and meet full PCI-DSS compliance requirements. EMV requirements do not apply, as this is not EFTPOS. All transactions are processed on the Level-1 PCI Compliant Flo2Cash Payment Platform. The full transaction data is never collected and stored on your Smartphone. You and your customers never have to worry about stolen card numbers. All transaction data can be accessed 24/7 online from the Flo2Cash Merchant Console.

Great - how do I get started?

If you're already a Flo2Cash merchant, the Flo2Cash App is FREE to download and use. For instructions on how to download the App, go to <http://www.flo2cash.co.nz/smartphoneapp>

If you're currently not a Flo2Cash merchant, please phone us on 0800 356 222.

More Options:

Displaying your business or organisation's logo on the Flo2Cash Smartphone App is a highly personal way to promote your brand as leading edge and personalize the payment transaction. A one-off Build and Customisation Fee will apply.
